

HASITH MADUSHANKA

Junior Full Stack Software Engineer / Intern

No. 95/2 Pathanpaha, Wattegama,, Kandy. | +94 76 460 6505 | xhasith@gmail.com | hasithmadushanka.online
| github.com/Hasith-M | linkedin.com/in/hasith-m

PROFESSIONAL SUMMARY

Highly motivated Junior Full Stack Software Engineer and undergraduate student at the National Institute of Business Management (NIBM) seeking an Intern or Junior Software Developer role. Demonstrates strong practical competence across full-stack web and mobile application development, RESTful API design, database architecture (SQL/NoSQL), and software maintenance. Eager to contribute clean code, proactive problem-solving, and a solid technical foundation to a high-performing software development team.

TECHNICAL SKILLS

Programming Languages: Kotlin, Java, PHP, JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3
Frontend & Web: React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design, REST API Integration
Mobile App Development: Android Development (Kotlin), Mobile UI Design, SQLite / Room Integration
Backend & Architecture: Node.js, Express, PHP (Laravel), Spring Boot, RESTful APIs, MVC Pattern
Databases & Storage: MySQL, PostgreSQL, MongoDB, SQLite, Microsoft SQL Server, Firebase Realtime Database
Tools & Engineering: Git, GitHub, VS Code, Android Studio, Figma, Postman, OOP Principles

WORK EXPERIENCE

Software Engineering Intern | Softo Pvt Ltd 2025 – Present

- Contribute to the design, implementation, and debugging of full-stack software components and backend modules.
- Develop and test RESTful API endpoints to ensure smooth integration between frontend client interfaces and server services.
- Work alongside senior developers to perform code reviews, eliminate bugs, refactor code, and optimize system response times.
- Participate actively in agile software ceremonies, technical standups, and specification planning sessions.

Junior Full Stack Developer (Part-Time) | Kudissadev 2025 – 2026

- Developed responsive web applications utilizing React.js, PHP/Node.js backend microservices, and modern database platforms.
- Designed and structured relational (MySQL, PostgreSQL) and document-based (MongoDB) database schemes.
- Built dynamic and accessible UI components designed for seamless user interaction across desktop and mobile devices.
- Implemented security features including authentication protocols, secure payment handling, and transactional communications.

Freelance Video Editor & Content Creator | Horizon Hex / Self-Employed 2023 – Present

- Provided digital media solutions and content editing services aligned with client branding requirements.
- Managed project schedules, media assets, visual effects, and stakeholder communication independently.

EDUCATION & ACADEMIC QUALIFICATIONS

Higher National Diploma in Software Engineering (HNDSE) National Institute of Business Management (NIBM)	2025 – 2026
Diploma in Software Engineering (DSE) National Institute of Business Management (NIBM)	2024 – 2025
G.C.E. Advanced Level — Physical Science Stream Central College, Wattegama	2019 – 2021
G.C.E. Ordinary Level Central College, Wattegama	2018 – 2019

LEADERSHIP & COMMUNITY INVOLVEMENT

- Batch Representative — NIBM Kandy (2024 – 2026)**
Represented the student cohort, liaised between academic staff and students, and managed peer communications.
- Editor — IT Society, NIBM Kandy (2025)**
Overseeing editorial publications, technical newsletters, and promotional media for IT society initiatives.
- Control Unit Team Member — CYBOTS Robotics & Innovation Exhibition (2024 & 2025)**
Managed live streaming operations, technical setup, and real-time media coordination for student tech exhibitions.
- Organizing Committee Member — CYBOTS 2025 Exhibition, NIBM Kandy**
Contributed to the planning, logistics, event coordination, and student participation for the robotics showcase.
